Sample Student File Review

The site visit will include a review of a sample of student files. The sample size should include candidates in their first year, second year, third year, etc. and include graduates. The sample size is dependent on the size of the program and will be determined in collaboration between the Department consultant and the college/university.

College/University:

Student [Initial]	Status	Program Completion Check Points	Checkpoints for admission Gateways	Clinical Experience Evaluations	Clinical Placement Locations (including diverse placement)	Student Teaching Evaluations	Mock Evaluation for Teacher Candidates	Additional Notes or Observations
